

HUMAN OBEDIENCE TRAINING

4 Poster Pack + 2 Others

The following posters are available in A3 sizes, for the purpose of informing the general public.

Please note that the posters displayed here are lower resolution in order to keep the file size small and should not be used for printing larger than A6.

Please let me know if you want any of the A3 originals. Any other size can also be supplied (with exception of the Gates' poster due to the size of the original photograph and pixelation if made larger).

I have been making these posters over the past few weeks as events have progressed, with the hope that I could pass them out around the world to help instil a different narrative and challenge the government/media version.

If you, or anybody you know, can make use of these types of images, then please let me know which ones you require and I can supply you with high-res versions for your use.

Cheers,

Stuart

SATELLITE Poster – From the idea that RF/GPS chips injected by the “Fake?” vaccine will be used to track. GPS has accuracy of 5 feet. This technology is already used in the military to track soldiers. (size A3)

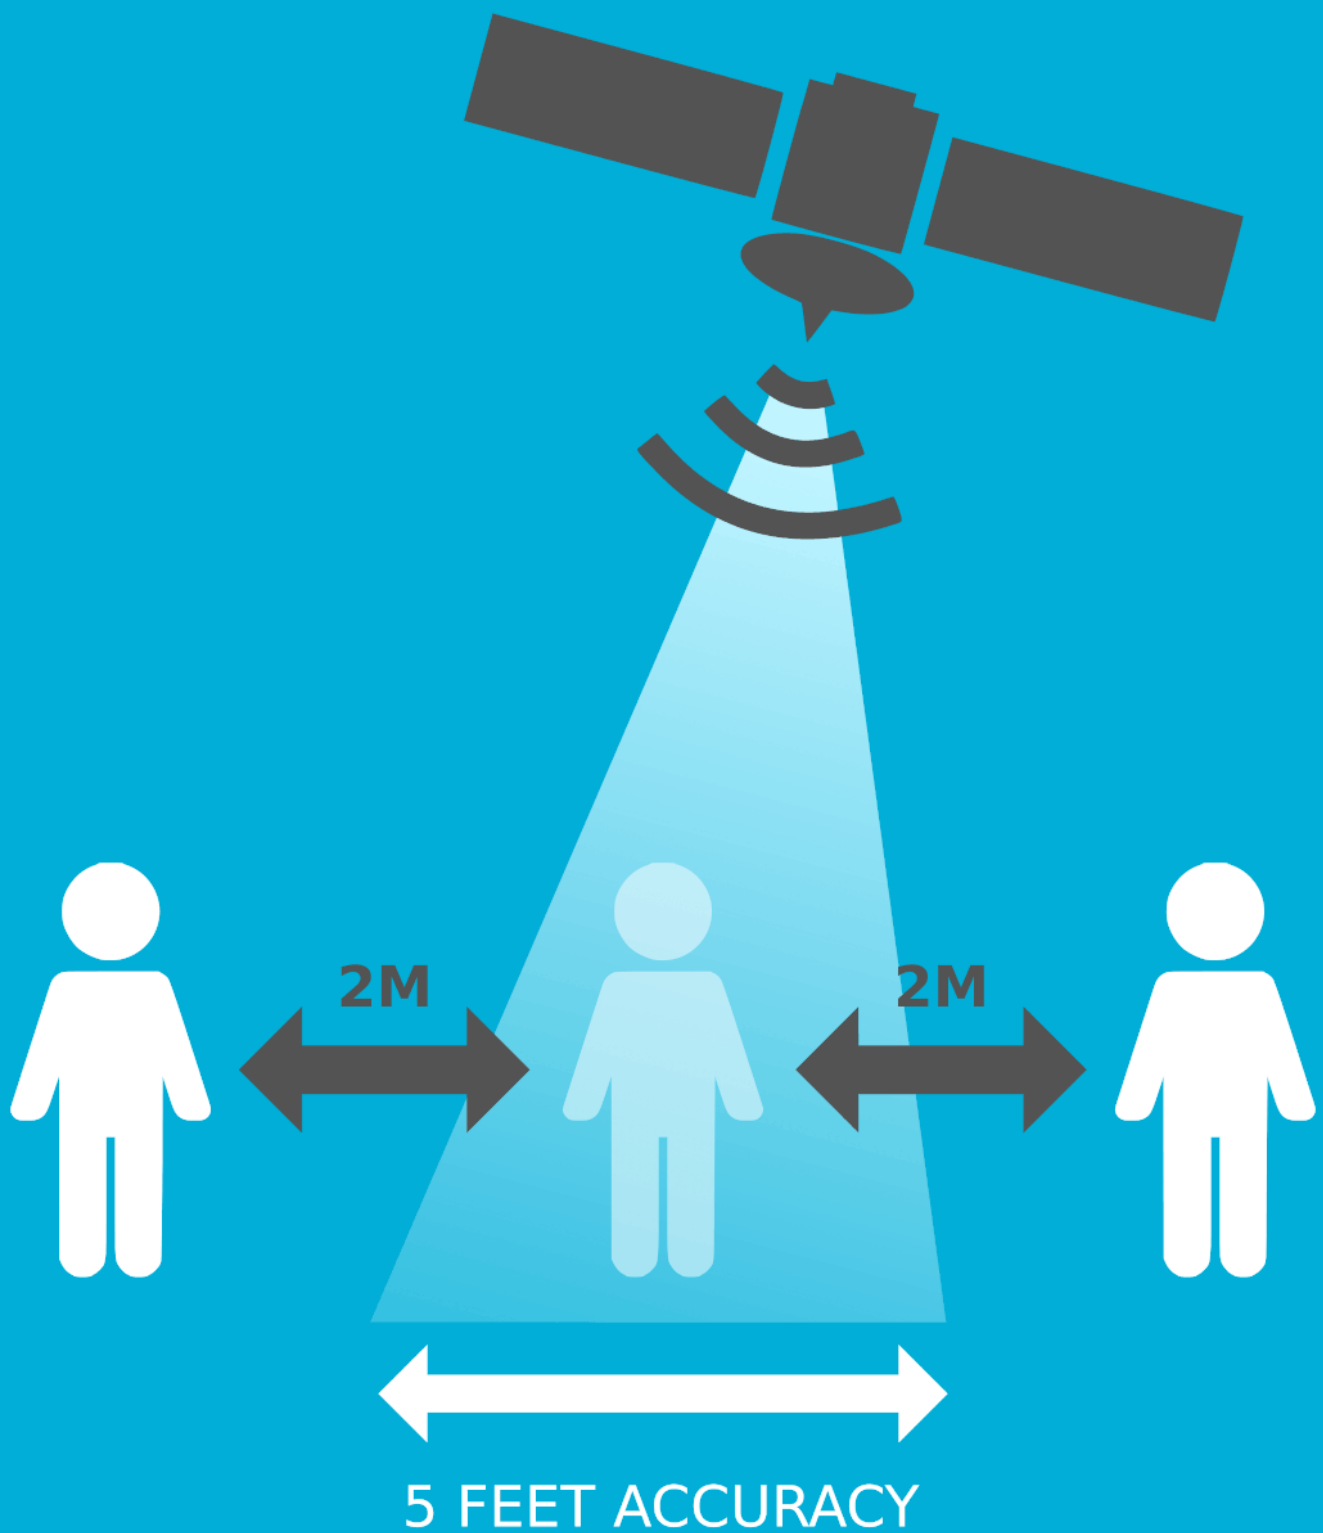

BASIC COMMANDS – Inspired by my experience training dogs and the similarities of making people “jump through hoops” to gain access to provisions, is nothing more than conditioning as used in training animals. (size A3)

SOCIAL DISTANCING Poster – Didn't make sense that you could queue at the shop 2 metres apart but not be allowed to go to the beach, park, sunbathe or sit in the pub beer garden. (size A3)

GOOD SLAVE – Basically, the result of everything that's going on, training people how to be subservient slaves. Again, with roots in dog training – “Good Boy!” (size A3)

HEALTH 2020 – Inspired Fact Checker “Infotagion”'s article of whether a healthy lifestyle can provide protection from COVID-19 (<https://infotagion.com/factcheck-can-you-build-up-natural-immunity-to-covid-19/>). (size A3)

GATES/NAZI – Idea from Nazi Germany and the similarities of the capture and torture of the Jewish people. They said “Never Again.....”. (size A4 – max size due to photo size)
